

# VISITOR GUIDE

Blah Blah how to use, definitions blah.

Why can't we see that life is good?

What are the limits to real virtuality?

Search for meaning & purpose (but only on holiday with no wi-fi)

This way to hermit kingdoms

This way to the realisation that nobody really controls anything

Eco-anxiety

Peak Waste

Resource Nationalism

collective sense of foreboding

What can't an AI do?

Growth of online intolerance & abuse

IoT chaos vs. control

Resource scarcity

Dominance of digital monopolies

People really listening to other people

Where is the locus of control?

Should we trust machines more than people?

Hyper-loop

Removal of human interfaces

The nature of the next global recession

Death & taxes (for a few people)

Free markets

Having fun at work

Moral beauty

Common sense

Level of optimism vs. pessimism in societies

Level of loneliness in societies

The feeling that things are a bit out of control

This way to moral blindness

Corporate Lifespans > 15 years

Data Security

Polymaths

Trust in science

Nuclear fusion breakthrough

Vinyl records

The sustainability of online delivery

Search for stillness in a spinning world

Rise of emotional labour

Growth of mysticism

Approaching epistemological crisis

Impacts of ageing on productivity

Strength of antibiotic resistance

Are there natural limits to complexity?

What do people believe in?

Human attention

People abstaining from reality

Craving for control

Emotional fragility

What exactly are offices for?

Long Soil

Levels of stealth taxation

Weaponisation of diplomacy

Talent shortages

Central bank impotence

Influence of China on geopolitics

The nature of natural systems change

Balance between energy, price, security & carbon neutrality

Food prices

Weaponisation of finance

The extent to which sanctions are applied to autocratic regimes

Levels of Sustainable Innovation

The balance between sustainability & convenience

Craving for control

Desire to surrender control

Rise of solipsism

Levels of corruption

Shift from me to we

Sense of duty

Scarcity vs. abundance

How do we decide what is right?

Companies acting like countries

Legitimacy of state control

Participative democracy

Balance between analytical & holistic thinking

What's next stay ahead of the future

Legitimacy of state control

Participative democracy

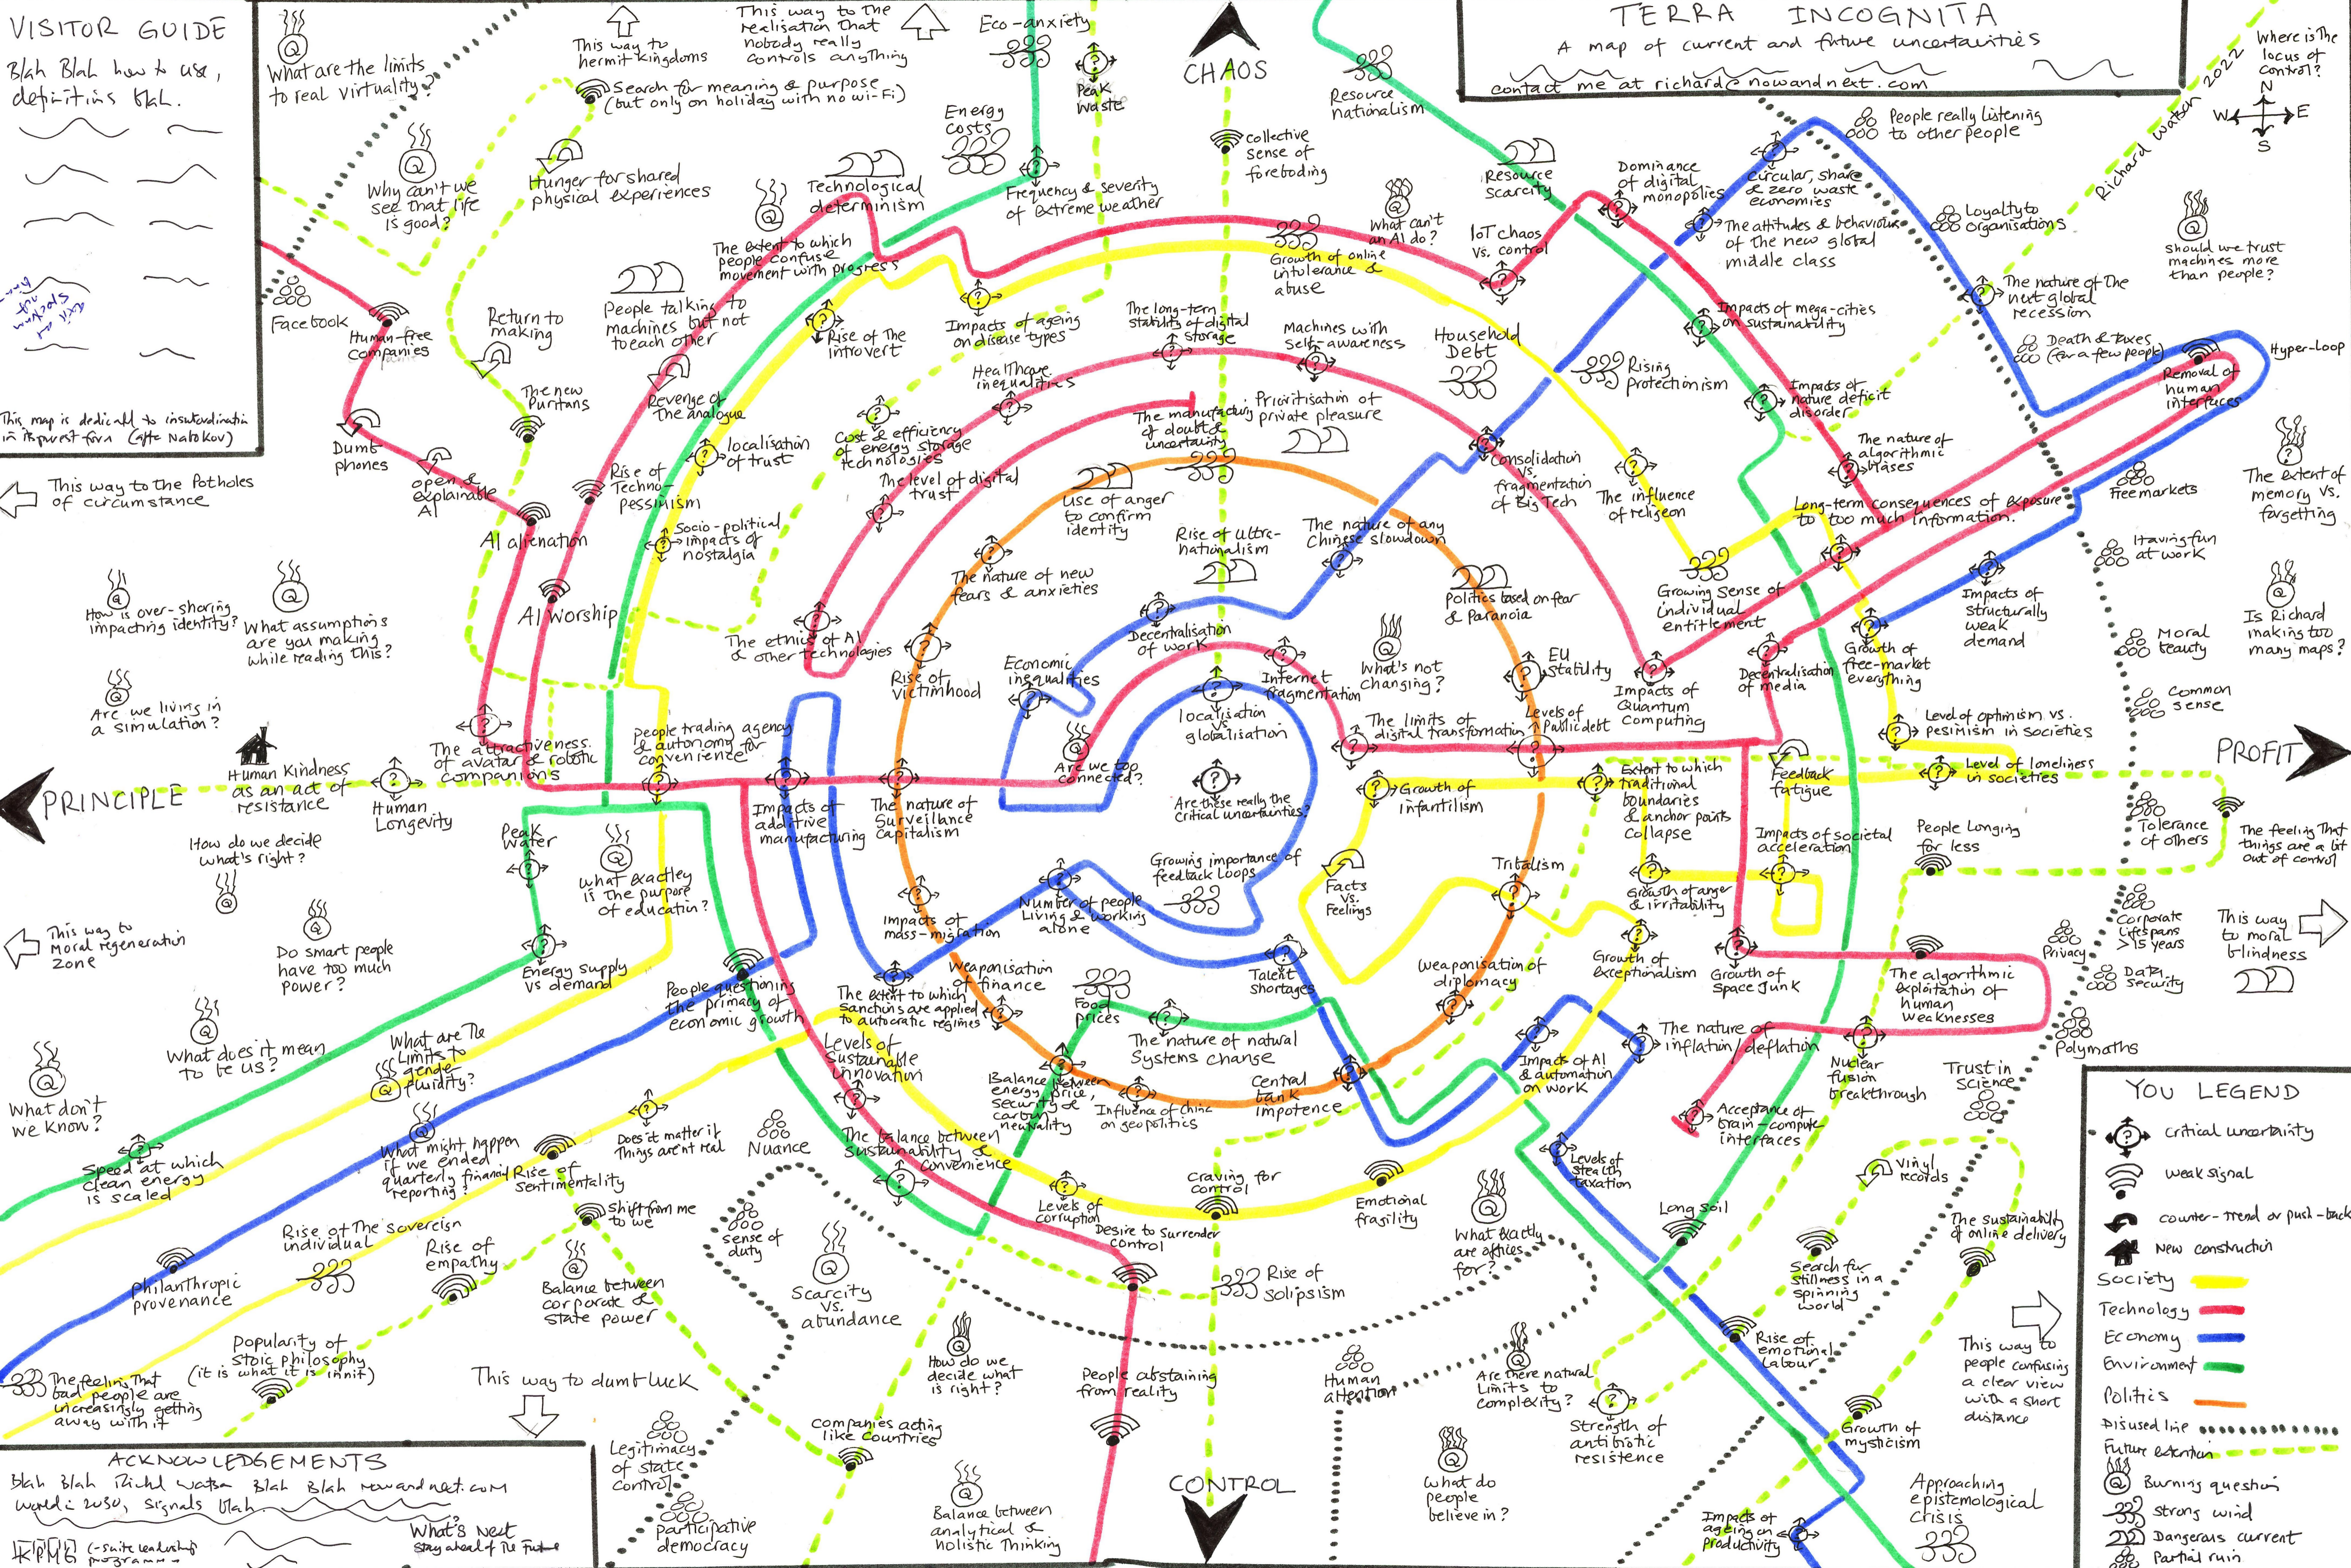

Balance between analytical & holistic thinking

What's next stay ahead of the future

# TERRA INCOGNITA

A map of current and future uncertainties

contact me at richard@nowandnext.com

This way to the Potholes of circumstance

PRINCIPLE

This way to Moral regeneration Zone

ACKNOWLEDGEMENTS

Blah Blah Richard Watson Blah Blah nowandnext.com

World is wso, signals blah.

What's next stay ahead of the future

Legitimacy of state control

Participative democracy

Balance between analytical & holistic thinking

What's next stay ahead of the future

### YOU LEGEND

- critical uncertainty
- weak signal
- counter-trend or pull-back
- New construction
- Society
- Technology
- Economy
- Environment
- Politics
- Disused line
- Future extension
- Burning question
- strong wind
- Dangerous current
- Partial ruin
